PROFESSIONAL EXPERIENCE

Coder Foundry, Web Software Engineer

Kernersville, NC · October 2019–December 2019

- Created three primary projects, including:
 - A portfolio site using C#, MVC, HTML5, CSS3, BOOTSTRAP, JS & jQuery.
 - A Financial Portal implemented in three phases. Phase 1: an MVC Web Application, Phase 2: a Web Service that utilizes Swagger and Swashbuckle for integrated testing, Phase 3: A cross platform Xamarin Mobile Application.
 - Fully designed and developed a multi-functional issue tracker web application, implementing enhanced roles & security, which also used a Code First Relational database designed and modeled in SQL Server. Technologies used include: .Net Framework v. 4.6.1, MVC5, C#, LINQ, SQL, Entity Framework, jQuery DataTables.

Nepal Airlines Corporation, Senior Technical Officer

Kathmandu, Nepal · December 2015–May 2019

- Performed audit for the internal maintenance organization technical auditing.
- Used Aviation Resource Management System (ARMS) Software to monitor the audit reporting system and certification of authorization holders.
- Monitored and controlled the documentation and authorization of the certifying staffs, maintenance manuals, internal occurrences, audit reports.
- Prepared the audit reports.
- Coordinated with Civil Aviation Authority in line with the internal departments of Continuing Airworthiness and Maintenance Organization for the approval of the manuals, acquiring concessions and reporting of maintenance occurrences.
